JEROME DEQUINES - AVRIL 2018

# SIRIC MONTPELLIER CANCER ANNUAL MEETING IN COLLABORATION WITH FHU EVOCAN

**28 JUNE 2018  
NEW FACULTY  
OF MEDICINE  
MONTPELLIER**

8h45 **Welcome and opening remarks**  
**Marc Ychou**, Director of SIRIC Montpellier Cancer,  
General Director of Montpellier Cancer Institute

**SESSION 1 : Colorectal Cancer: from the improvement  
of current treatments toward therapeutic innovation**

**Chairs:** Antoine Adenis, Philippe Jay

9h00 **Research Program Overview** - *Antoine Adenis (ICM,  
Montpellier) & Philippe Jay (IGF, Montpellier)*

9h15 **The role of cyclin A2 in colon homeostasis and colorectal  
cancer** - *Bénédicte Lemmers (IGMM, Montpellier)*

9h45 **Peritoneal carcinomatosis of colorectal origin:  
New radiologic and surgical technologies**  
- *Olivia Sgarbura & Stéphanie Nougaret (ICM, Montpellier)*

10h15 **Analysis of participation in colorectal cancer screening :  
contributions of health and social psychology**  
- *Alice Le Bonniec (ICM, Montpellier)*

10h45 **MOTRIAL : the first search engine for  
non-pharmacological intervention trials**  
- *Grégory Ninot (ICM & Université de Montpellier)*

11h **Coffee-break**

**SESSION 2 : Optimizing delivery of internal and external  
radiation therapy**

**Chairs:** David Azria, Muriel Brengues

11h30 **Research Program Overview** - *David Azria (ICM, Montpellier)*

11h45 **Biology in a multiparameter environment  
for side-effect prediction** - *Christopher Talbot (Leicester, UK)*

12h15 **Dose-response relationship in patients treated by  
targeted radionuclide therapy** - *Emmanuel Deshayes  
(ICM, Montpellier)*

12h45 **Involvement of off-target effects in targeted radionuclide  
therapy** - *Jean-Pierre Pouget (IRCM, Montpellier)*

13h15 **Lunch**

14h30 **Keynote lecture by Hanno Glimm: Cross-Entity  
Cancer Genome Sequencing for Therapy  
Stratification: The DTKT-MASTER Program  
in Germany** - *(DKFZ, Heidelberg, Germany)*

15h15 **FHU EVOCAN : presentation and strategy**  
- *Guillaume Cartron (CHU, Montpellier)*

15h30 **Coffee-break**

**SESSION 3 : Tumor escape: exploration of mechanisms  
and search for targets**

**Chairs:** Guillaume Cartron, Charles Theillet

16h00 **Research Program Overview**  
- *Charles Theillet (IRCM, Montpellier)*

16h15 **Interplay between histone modifications and cell  
cycle checkpoints in the response to DNA  
replication stress** - *Daniel Fisher (IGMM, Montpellier)*

16h45 **MDM2 and metabolism: New therapeutic targets  
for liposarcomas** - *Laetitia Linarès (IRCM, Montpellier)*

17h15 **Polycomb and cancer from fly to human**  
- *Giacomo Cavalli (IGH, Montpellier)*

17h45 **Close**
