

Institut Curie is a major player in the research and fight against cancer. It consists of a hospital and a Research Center of more than 1000 employees with a strong international representativeness.

The Curie Institute Research Center develop basic research and use this knowledge to improve the diagnosis, prognosis, and therapeutics of cancers as part of the continuum between basic research and innovation serving the patient.

Position	POSTDOCTORAL POSITION		
Domain / Research Unit	Neuroblastoma research INSERM U830, INSTITUT CURIE		
Unit Director, Manager or team leader	Olivier DELATTRE & Isabelle JANOUeix-LEROSEY – Diversity & Plasticity of Childhood tumors lab, INSERM U830		
Location of the position	Paris – France		
Contract type	CDD	Starting date and duration	Asap, 3 years
Main missions of the position Description of the project	This position is funded by an ERC Synergy program entitled “Kill or Differentiate” which gathers scientists at Harvard (P Kharchenkho), Karolinska (I Adameyko & S Schlisio) and Curie (I Janoueix & Olivier Delattre). The project aims to explore and compare pathways and cell trajectories in normal neural crest and tumor development with the goal to identify signals/pathways that may convert tumors to therapy-sensitive states. The project will take advantage of the variety of cell and mouse models that are available in the group to investigate the mechanisms of plasticity of neuroblastoma cells.		
Requirements (technical, language, skills ...)	The successful candidate should demonstrate strong interest for interdisciplinary research and broad expertise in biology as genetics, single cell analysis, cell signalling or imaging. In addition, s/he should have excellent communication skills, be team players and have a strong affinity with working in an interdisciplinary and international research environment.		
Experience level /degrees required	Doctoral and/or postdoctoral experience. Language: English required (oral and written skills) – French is optional		
How to apply	Applications (CV, motivation letter, letters from or contact details of 3 referees) to Dr Olivier Delattre: olivier.delattre@curie.fr and Isabelle Janoueix: isabelle.janoueix@curie.fr by October 15 th 2020		

Institut Curie is an inclusive, equal opportunity employer and is dedicated to the highest standards of research integrity.
